

### Students' Exchange

The Euro4Science students' exchange were of great success!

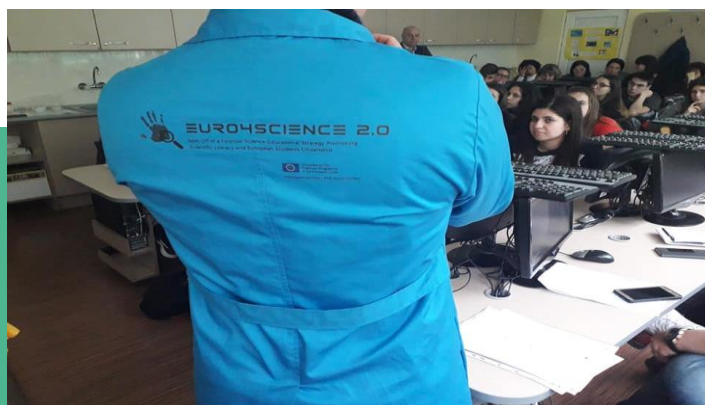

Students from Portugal had the opportunity to go to the UK, as well as Turkish students that went to Portugal for a week and experienced together with their host students a lot of the toolbox activities.

### E4S 2.0 Final Conference

Euro4Science 2.0 comes to an end with its final conference which took place in Universidade de Aveiro, on the 8<sup>th</sup> June! This was a fruitful journey full of learning and cooperation between all the partners, schools, students and teachers involved.

Go to our website or contact us if you want to know more about the toolbox, the videos and the network.

### Euro4Science 2.0 workshops have finished

Between January 2019 and May 2019, 3 international workshop for teachers were carried in Poland, Bulgaria and the UK. With a great variety of laboratory activities, the workshops were held at Szkoła Podstawowa nr. 375; Szkoła Podstawowa Nr. 236 in Poland; in two schools in Sofia and Burgas and in Skipton Girls' High School with teachers coming from all over the UK.

The International Conferences on Forensic Science Education and Training were of great success! The events counted with a diversity of speakers and key stakeholders on forensic sciences! The discussions focused on different approaches to forensic sciences teaching and training, including innovative methods of teaching and training and alternative curricula proposals in view of the emerging challenges that international security and the exciting scientific advances face.
